

**Field      Manufacturing****Reinstatement and extension of expiry date for *Solid Wood Processing* unit standards**

<b>Subfield</b>	<b>Domain</b>	<b>ID</b>
Solid Wood Processing	Sawmilling	135
	Timber Machining	161

The Forest Industries Training and Education Council (FITEC) has completed the reinstatement of the unit standards listed above and extended their expiry date from 31 December 2010 to 31 December 2011.

**Date new versions published****July 2011****Summary**

In 2006, these unit standards were reviewed and designated as expiring on 31 December 2010. In 2007, the National Certificate in Timber Machining (Size and Gauge) (Level 3) [Ref: 0812] was also designated as expiring. The last date for the assessment of versions 3 and 4 of this qualification was set at 31 December 2011.

Because these unit standards are included in the Compulsory section of this qualification, the inconsistency between the unit standards' expiry date and the last date for the assessment of versions 3 and 4 was identified as a barrier to the completion of versions 3 and 4 of the qualification.

Unit standards 135 and 161 were therefore reinstated to align their expiry date with the last date for the assessment of versions 3 and 4 of the qualification.

**Main changes**

- Unit standards 135 and 161 were reinstated and will now expire on 31 December 2011.

**Impact on registered qualifications**

<b>Key to type of impact</b>	
<b>Affected</b>	The qualification lists a reviewed classification (domain or subfield) in an elective set The qualification lists a standard that has changes to level or credits The qualification lists a C or D category standard
<b>Not materially affected</b>	The qualification lists a standard that has a new title The qualification lists a standard that has a new classification

The following FITEC qualifications are *Affected* by the outcomes of this reinstatement and

extension of expiry date.

<b>Ref</b>	<b>Qualification Title</b>	<b>ID</b>
0254	National Certificate in Wood Panels Manufacturing (Level 4)	135
0433	National Certificate in Wood Panels Manufacturing (Level 2)	135
0812	National Certificate in Timber Machining (Size and Gauge) (Level 3)	135, 161
0814	National Certificate in Wood Product Manufacturing (Level 2)	135, 161
1045	National Certificate in Solid Wood Processing (Timber Yarding) (Level 3)	135
