NZQA Māori Qualifications Services (MQS) has completed the reinstatement of the unit standards listed above.

**Date new version published**

**July 2011**

**Planned review date**

**December 2014**

**Summary**

MQS reviewed and designated unit standards 16136 and 16137 expiring in December 2010. Unfortunately, at the time the implications on a provider with extremely high usage for the standards were unforeseen. Overall the standards should not have been expired. The provider made contact, and subsequently MQS believe there is strong justification in reinstating these standards and retaining their credit worthiness. The standards will be reviewed in December 2014.

**Main changes**

- The standards have been reinstated, and have a planned review date of December 2014.
- There have been no changes to classifications, titles, levels, or credits.
