

Transition

Existing candidates may complete version 1 of this qualification or transfer their results to this version. However candidates wishing to complete version 1 of this qualification should be advised that they must gain credit for expiring standards 13108 and 13109 by 31 December 2011. Standard 3461 from elective 2 of version 1 has expired and candidates who have not already achieved credit for the standard will need to select from the other standards to meet the requirements.

All new candidates will be enrolled on programmes leading to the award of version 2 of the qualification.

The last date for assessments to take place for version 1 of this qualification is 31 December 2012.

This qualification contains standards that replace earlier standards. For the purposes of this qualification, people who have gained credit for the expiring standards are exempt from the requirement to gain credit for the replacement standards – see table below.

Credit for	Exempt from
6458	17309
6459	17310
6460	17312
6461	17314
6462	17315
6463	17316
1211, 1213, 1214, 1215	17769
13108, 13109	22994

Key to Qualification Review Categories

Category A The qualification is published as a new version with the same NQF ID	Changes are made to SSB name, contact details or purpose statement
	No change is made to title, rules or components of the qualification
	No transition arrangements are required
Category B The qualification is published as a new version with the same NQF ID	Changes are made to title, rules or components
	The new version of the qualification recognises a similar skill set to that recognised by the previous version
	The SSB is confident that people awarded the new or previous version are comparable in terms of competence
	Transition arrangements are required if candidates must gain additional/different credits for the new version
Category C A new (replacement) qualification is published with new NQF ID	Significant changes are made to the qualification in terms of components, structure, type or level
	The SSB views people with the replacement qualification as being significantly different in terms of competence from those with the replaced qualification
	Transition arrangements are required
	Transition may be limited to phase-out dates
Category D Qualification will expire. There is no replacement qualification	Qualification is no longer required by industry
	The qualification is designated as expiring and a last date for meeting the qualification requirements is set
