Date new versions published

November 2011

Planned review date

December 2016

Summary

The review was undertaken as part of the Industry Training Organisation's (ITO's) planned review programme.

The review of these standards was based on comments received from industry as a result of a consultation and feedback process. Review teams, comprising industry representatives and the ITO's Industry Technical Advisory Group, considered the comments and endorsed the changes that were made.

Main changes

- Titles, outcomes, evidence requirements, range statements, and explanatory notes were updated to reflect the present needs of the fire and rescue services industry.
- Standards 14559, 16939, 16940, 16941, and 16942 were identified as no longer required by industry, and have been designated expiring and will not be replaced.
