## National Certificate in Poultry Management (Level 4) [Ref: 1156]

Changes to structure and content

- Expiring standards 8493 and 8505, and expired standards 7452, 11994 and 19027 were removed from Elective 2.
- Standards 21335, 21336, 21359, 21390, 21396 and 21397 were added to Elective 2.

## Transition

It is recommended that people currently working towards version 1 of this qualification transfer to version 2.

New trainees will be enrolled in programmes or courses that lead to version 2 of this qualification.

Standards 7452, 11994 and 19027 have expired, standard 8493 expires 31 December 2014, and standard 8505 expires 31 December 2012. Candidates enrolled in programmes or courses that lead to version 1 who have already gained credit for standards 7452, 11994 and 19027, and who do not transfer to version 2, must complete expiring Elective 2 standards 8493 and 8505 before these dates.

Candidates who wish to use standard 8493 towards award of version 1 of the qualification should be aware that the qualification specifies version 2 of the standard, which contributes only 5 credits to Elective 2. This means candidates with version 3 of standard 8493, which is worth 10 credits, will have only 5 credits recognised towards meeting the requirements of Elective 2.

The last date for assessment to take place for version 1 is 30 June 2012.

This qualification contains standards that have been substituted for earlier standards. For the purposes of this qualification, people who have gained credit for the earlier standards are exempt from the requirement to gain credit for the substitute standards – see table below.

Credit for	Exempt from
7452, 19027	21397
8493	21335, 21336
8505	21390
11994	21396
