Field   MANUFACTURING

Review of *Digital Processes for Print* unit standards

Subfield	Domain	ID
Printing	Digital Processes for Print	23556, 23557

The Communications and Media Industry Training Organisation (CMITO) has completed the review of the unit standards listed above.

Date new versions published   **January 2012**

Planned review date   **December 2015**

Summary

These unit standards were reviewed following feedback from industry that they no longer met the industry requirements for digital printing due to changes in technology and workplace practices.

The review group comprised representatives from a range of printing companies, copy shops, digital printing suppliers and organisations involved, and/or interested in, digital printing.

The review group agreed that the reviewed unit standards should expire and that two new unit standards should be developed to meet industry requirements.

Main changes

- Unit standards 23556 and 23557 were designated as expiring.
- Two new unit standards were developed.

Category C unit standards will expire at the end of December 2014

Impact on Consent and Moderation Requirements (CMR)

The newly developed unit standards will be listed on CMR 0005.

Impact on registered qualifications

Key to type of impact	
Affected	The qualification lists a reviewed classification (domain or subfield) in an elective set
	The qualification lists a standard that has changes to level or credits
	The qualification lists a C or D category standard
Not materially affected	The qualification lists a standard that has a new title
	The qualification lists a standard that has a new classification

The following CMITO qualifications are *Affected* by the outcome of this review and will be updated when they are reviewed in 2011.

Ref	Qualification Title	ID
1280	National Certificate in Printing (Digital Processes for Print) (Level 3)	**23556**
1281	National Certificate in Printing (Digital Processes for Print) (Level 4)	**23557**

Detailed list of unit standards – classification, title, level, and credits

All changes are in **bold**.

Key to review category	
A	Dates changed, but no other changes are made - the new version of the standard carries the same ID and a new version number
B	Changes made, but the overall outcome remains the same - the new version of the standard carries the same ID and a new version number
C	Major changes that necessitate the registration of a replacement standard with a new ID
D	Standard will expire and not be replaced

Manufacturing > Printing > Digital Processes for Print
