

Field Manufacturing**Review of *Wood Manufacturing* unit standards**

Subfield	Domain	ID
Wood Manufacturing – Generic Skills	Wood Manufacturing	20265, 20267, 20272, 25953

The Forest Industries Training and Education Council (FITEC) has completed the review of the unit standards listed above.

Date new versions published

September 2012

Planned review date

December 2017

Summary

FITEC consulted with industry and training providers during the review of these unit standards.

The review revealed that the unit standards are no longer used and industry did not express a need to retain these unit standards.

At the same time as the review four new standards were developed to fill current industry gaps.

Main changes

All the unit standards were designated expiring and will not be replaced as they were no longer fit for purpose or required by industry.

Category D unit standards will expire at the end of December 2013**Detailed list of unit standards – classification, title, level, and credits**

Key to review category	
A	Dates changed, but no other changes are made - the new version of the standard carries the same ID and a new version number
B	Changes made, but the overall outcome remains the same - the new version of the standard carries the same ID and a new version number
C	Major changes that necessitate the registration of a replacement standard with a new ID
D	Standard will expire and not be replaced

Manufacturing > Wood Manufacturing – Generic Skills > Wood Manufacturing

ID	Title	Level	Credit	Review Category
20265	Evaluate and apply quality management techniques in wood manufacturing operations	5	15	D
20267	Apply operations management principles to wood manufacturing operations	5	15	D
20272	Develop a plant reliability improvement programme for equipment in a wood manufacturing operation	5	15	D

ID	Title	Level	Credit	Review Category
25953	Conduct process analysis in a wood manufacturing operation	5	15	D
27877	Apply knowledge of compliance standards and verification to develop an audit process for a wood manufacturing operation	5	15	New
27878	Apply knowledge of key performance indicators to improve production and quality in a wood manufacturing operation	5	15	New
27879	Measure production and quality and resolve production and quality issues in a wood manufacturing operation	5	20	New
27880	Apply techniques to generate, evaluate, scope and present new ideas in a wood manufacturing operation	5	15	New
