Water Industry	Water Reticulation	22102

The Primary Industries Training Organisation has revised the unit standard above.

**Date new version published**

**April 2013**

**Planned review date**

**December 2016  
(unchanged)**

**Summary**

This unit standard was revised to correct the evidence requirements for outcome 1 which were inadvertently replaced with those for outcome 1 of unit standard 22103 during reformatting for a unit standard rollover.

**Main change**

- The evidence requirements for outcome 1 were updated to provide the information that was omitted in version 3.
