

Field Planning and Construction**Extension of expiry date for *Planning and Construction* unit standards**

Subfield	Domain	ID
Architecture	Architectural Technology	10161-10163
Construction	Construction Management	9632, 10925
	Construction Technology	9658-9661, 9665, 9666, 9671, 9672
Quantity Surveying	Quantity Surveying Theory	10040-10042, 10045

The Building and Construction Industry Training Organisation extended the expiry date for the unit standards listed above.

Date versions published**August 2013****New expiry date****December 2016****Summary**

These unit standards were reviewed and designated expiring in 2011. The Mandatory Review of Qualifications began before the review of the qualifications associated with them was complete, and this has delayed the registration of the new qualifications significantly. The qualifications involved are:

- National Diploma in Architectural Technology (Level 6) [Ref: 0357]
- National Diploma in Construction Management (Level 6) [Ref: 0356]
- National Diploma in Quantity Surveying (Level 6) [Ref: 0358].

These qualifications contain the expiring unit standards, which are due to expire in December 2014. The BCITO has extended the expiry date for the unit standards in order to allow candidates to continue to complete the qualifications until the Mandatory Review is complete and replacement qualifications become available.

Main changes

- Expiry date for all unit standards extended until December 2016.

Detailed list of unit standards – classification, title, level, and credits

Planning and Construction > Architecture > Architectural Technology

ID	Title	Previous expiry date	New expiry date
10161	Establish the conditions for writing a design brief for a building project	31/12/2014	31/12/2016
10162	Contribute to preparation of, and present, a preliminary architectural design from a given concept	31/12/2014	31/12/2016
10163	Prepare a developed building design from a given preliminary design	31/12/2014	31/12/2016

Planning and Construction > Construction > Construction Management

ID	Title	Previous expiry date	New expiry date
9632	Demonstrate the process of bidding for a construction project	31/12/2014	31/12/2016
10925	Demonstrate knowledge of survey requirements for the setout of medium buildings	31/12/2014	31/12/2016

Planning and Construction > Construction > Construction Technology

ID	Title	Previous expiry date	New expiry date
9658	Demonstrate knowledge of cost estimation processes for a building project	31/12/2014	31/12/2016
9659	Demonstrate knowledge of tendering processes for a building project	31/12/2014	31/12/2016
9660	Assess expenditure for a building project	31/12/2014	31/12/2016
9661	Demonstrate knowledge of how to administer contracts and value building works	31/12/2014	31/12/2016
9665	Monitor a building project	31/12/2014	31/12/2016
9666	Contribute to the design process	31/12/2014	31/12/2016
9671	Determine and describe construction methods for small buildings	31/12/2014	31/12/2016
9672	Determine and describe construction methods for medium and large buildings	31/12/2014	31/12/2016

Planning and Construction > Quantity Surveying > Quantity Surveying Theory

ID	Title	Previous expiry date	New expiry date
10040	Measure schedules of quantities for advanced trade sections for quantity surveying	31/12/2014	31/12/2016
10041	Estimate costs for quantity surveying	31/12/2014	31/12/2016
10042	Negotiate and apply specified types of contracts to tendering situations for quantity surveying	31/12/2014	31/12/2016
10045	Evaluate and prepare a construction programme for quantity surveying	31/12/2014	31/12/2016
