Dairy Manufacturing	Dairy Workplace Health and Safety	16307

The New Zealand Industry Training Organisation has completed the revision of unit standard 18520 and the revision and rollover of unit standard 16307.

Date new versions published**December 2013****Planned review date****Unit 16307****December 2014****Unit 18520****December 2016****Summary**

Feedback from the industry and assessors on the unit standards has identified the need to make minor amendments for consistency and to improve their assessment.

Main changes

- In unit standard 18520 the numbering of the evidence requirements for outcome 2 has been corrected.
- In unit standard 16307, the range of evidence requirement 1.5 has been amended to make it optional. This allows for flexibility in candidate evidence.
