

**Field      Engineering and Technology**

**Extension of expiry date of *Mechanical Engineering* unit standard**

<b>Subfield</b>	<b>Domain</b>	<b>ID</b>
Mechanical Engineering	Fire Protection Systems Technology	17710

Competenz has completed a review of the unit standard listed above.

**Date new version published**

**June 2013**

**Summary**

The standard above was designated expiring in May 2010 with the last date for assessment set at 31 December 2014.

As a consequence, learners enrolling in version 2 the National Certificate in Fire Protection Systems Technology (Inspection and Testing) (Level 4) [Ref: 0864], may not be able to complete the qualification after December 2014.

Competenz has decided to extend the expiry date of this unit standard.

**Main changes**

- The unit standard is fit for purpose so no changes have been made other than to extend the expiry date from 31 December 2014 to 31 December 2016.

**Summary of main changes**

The following table show the previous and new expiry dates.

Engineering and Technology > Mechanical Engineering > Fire Protection Systems Technology

<b>ID</b>	<b>Title</b>	<b>Level</b>	<b>Credit</b>	<b>Previous expiry date</b>	<b>New expiry date</b>
17710	Demonstrate knowledge of passive fire safety systems	3	4	31/12/2014	31/12/2016
