New Zealand Certificate in Apiculture (Level 4) [Ref: 2224]

New Zealand Certificate in Apiculture (Level 4) (Queen Bee Rearing) [Ref: 2225]

**Date new versions published****November 2013**

The next qualification review is planned to take place during 2017.

**Summary of review and consultation process**

The review occurred as a result of the mandatory review of Agriculture sector qualifications, part of the Targeted Review of Qualifications (TRoQ). The mandatory review involved extensive consultation with stakeholders working in and with the industry. Consultation included meetings to discuss the need to review the qualifications, and subsequent meetings considered the proposed content of the qualifications.

Industry confirmed the on-going need for a suite of qualifications in this area that would recognise graduate capabilities and provide an education pathway for trainees.

The existing National qualifications have been replaced by New Zealand qualifications, as detailed below.

**Transition**

The above qualifications have been reviewed and designated expiring. The last date to meet the requirements of the replaced qualifications is 31 December 2018 at which point the qualifications will be designated discontinued.

People currently working towards one of the replaced qualifications must complete its requirements by 31 December 2018 as there are significant differences between the replaced and replacement qualifications.

It is anticipated that no existing candidates will be disadvantaged by these transition arrangements. However, anyone who feels that they have been disadvantaged may appeal to the Primary ITO at the address below. Appeals will be considered on a case by case basis.
