Summary

These qualifications were designated expiring in November 2012, and replaced by New Zealand qualifications developed through the Targeted Review of Qualifications.

Competenz received feedback from industry that the replacement qualifications were not fit for purpose for on-job trainees in the baking industry. Therefore, the expiring qualifications were republished to remove the replacement relationships and include exemptions for lapsing classifications.

The original replacement relationships were:

- National Certificate in Baking (Level 2) [Ref: 0588] replaced by the New Zealand Certificate in Baking (Level 3) [Ref: 1841]
- National Certificate in Baking (Level 3) [Ref: 0589] replaced by the New Zealand Certificate in Baking with strands in Biscuit and Cake, Bread, Gluten Free, Pastry, and Plant [Ref: 1843]
- National Certificate in Baking (Plant Baking) (Level 4) with strands in Bread, Biscuit, Cake, and Pastry [Ref: 0591] replaced by the New Zealand Certificate in Plant Baking (Level 5) with strands in Biscuit and Cake, Bread, Gluten Free, and Pastry [Ref: 1846]
- National Certificate in Baking (Instore/Franchise) (Level 4) [Ref: 1267] replaced by the New Zealand Certificate in Craft Baking (Level 5) with strands in Biscuit and Cake, Bread, Gluten Free, and Pastry [Ref: 1845].

The replacement relationships have been removed from the republished qualifications.

Competenz anticipates submitting the reviewed New Zealand qualifications for listing on the NZQF by the end of June 2014.

The qualifications were also republished to include exemptions for lapsing classifications. The exemptions allow candidates to use credits from replacement classifications to meet the qualification requirements.
