

Field Engineering and Technology**Extension of expiry date of *Telecommunications* unit standards**

Subfield	Domain	ID
Telecommunications	Management and Operational Support	4968
	Service Delivery	7064,7065, 17397, 17485, 17486, 17487, 17488, 17489, 17490, 17491, 17492, 17493, 17494, 20851, 20852, 25266, 25267

The Skills Organisation has completed the extension of expiry date of the unit standards listed above.

Date new versions published

April 2014

Summary

These are expiring unit standards. The last date for assessment was extended to align with the last date for assessment of the Telecommunications national qualifications.

Main changes

The last date for assessment was extended to 31 December 2016.

Detailed list of unit standards – classification, title, level, and credits

All changes are in **bold**.

Engineering and Technology > Telecommunications > Telecommunications - Management and Operational Support

ID	Title	Level	Credit	Previous expiry date	New expiry date
4968	Establish and maintain effective working relationships for telecommunications operations	3	4	31/12/2014	31/12/2016

Engineering and Technology > Telecommunications > Telecommunications - Service Delivery

ID	Title	Level	Credit	Previous expiry date	New expiry date
7064	Install basic cable systems for residential telephone services	2	4	31/12/2014	31/12/2016
7065	Install residential telephone and facsimile equipment	2	4	31/12/2014	31/12/2016
17396	Demonstrate knowledge of safe working practices in telecommunications	2	4	31/12/2014	31/12/2016

ID	Title	Level	Credit	Previous expiry date	New expiry date
17397	Demonstrate knowledge of basic concepts of telecommunications	2	7	31/12/2014	31/12/2016
17485	Install and maintain basic telecommunications outside plant and equipment	3	25	31/12/2014	31/12/2016
17486	Install and maintain basic telecommunications building and data cabling	3	25	31/12/2014	31/12/2016
17487	Install and maintain basic telecommunications bearer or switch plant and equipment	3	25	31/12/2014	31/12/2016
17488	Install and maintain basic telecommunications radio frequency plant and equipment	3	25	31/12/2014	31/12/2016
17489	Install and maintain basic telecommunications customer premises equipment	3	25	31/12/2014	31/12/2016
17490	Identify and control hazards in telecommunications work	3	6	31/12/2014	31/12/2016
17491	Demonstrate basic knowledge of telecommunications outside plant and equipment	3	20	31/12/2014	31/12/2016
17492	Demonstrate basic knowledge of telecommunications building and data cabling	3	15	31/12/2014	31/12/2016
17493	Demonstrate basic knowledge of telecommunications switching and transmission	3	20	31/12/2014	31/12/2016
17494	Demonstrate basic knowledge of telecommunications radio frequency services	3	23	31/12/2014	31/12/2016
20851	Demonstrate basic knowledge of information and communications technology (ICT) systems and services	3	30	31/12/2014	31/12/2016
20852	Install and maintain basic information and communications technology (ICT) systems and services	3	35	31/12/2014	31/12/2016
25266	Install basic telecommunications radio plant and equipment on telecommunications network structures	3	25	31/12/2014	31/12/2016
25267	Climb, work on, and perform rescues from telecommunications network structures	3	8	31/12/2014	31/12/2016
