

Field Engineering and Technology**Revision of *Electrical Installation and Maintenance* unit standards**

Subfield	Domain	ID
Electrical Engineering	Electrical Installation and Maintenance	19010-19013

The Skills Organisation has completed the revision of the unit standards listed above.

Date new versions published

February 2014

Planned review date

December 2014

Summary

The unit standards were revised to update the references to legislation and qualifications, the last date for assessment against previous versions and the contact details, in order to maintain currency and allow achievement during the Sector Review process.

Main changes

- References to legislation and contact details updated, and minor edits made for clarity and consistency.
- Last date for assessment of some of the earlier versions of each standard removed.
