NZQA National Qualifications Services (NQS) has rolled over the unit standard listed above.

**Date new version published September 2014**

**Planned review date December 2016**

**Summary**

NQS rolled this unit standard over to ensure it remained current until it could be reviewed.

As the mandatory reviews of qualifications are expected to end in 2014, NQS also wished to ensure the unit standard remained available during the transition to New Zealand qualifications.

The unit standard was the only one covered by Consent and Moderation Requirements (CMR) 0076, so it was transferred to CMR 0226. CMR 0076 was designated as 'expired'.

All organisations with consent to assess against this unit standard were consulted and no responses were received.

**Main changes**

- The unit standard was rolled over to extend the planned review date from 2014 to 2016.
- The unit standard was transferred from CMR 0076 to CMR 0226.
