Summary

As a result of their Targeted Review of Qualifications process, ServiceIQ has reviewed a number of their unit standards to better reflect the requirements of the outcomes listed in the new qualifications. During this process, it was identified that these unit standards required amendment to correct some errors.

Main changes

- The terms “frozen” and “chilled” were removed from the definition of non-perishable grocery items for standards 28149 and 28150; and corresponding evidence requirement 1.3 in standard 28149 was removed for consistency with this change.
- Evidence requirement 1.3 was removed because it was a repetition of evidence requirement 1.8 for standard 26308.
- References in explanatory note 2 of standard 26308 were updated.
