

Field Māori**Rollover of *Māori Management - Generic* unit standards**

Subfield	Domain	ID
Māori Business and Management	Māori Management - Generic	23091-23095

NZQA Māori Qualifications Services (MQS) has completed the rollover of the unit standards listed above.

Date new versions published

18 June 2015

Planned review date

31 December 2016

Summary

The mandatory review of a Māori Business and Management qualification (possibly two qualifications) at Level 2 and/or 3 is currently underway, which may impact on the unit standards listed above. The flow-on effect (of the mandatory review) on these standards is unknown, so they have been rolled over to extend their period of listing on the Directory of Assessment Standards. Once the mandatory review of the Māori Business and Management qualification(s) has been completed, these unit standards will be progressively reviewed in light of the new qualification(s).

Main changes

The planned review date for the standards was extended to December 2016.
