Subfield	Domain	ID
Wood Manufacturing - Generic Skills	Wood Manufacturing	27877, 27878, 27879, 27870

Competenz has completed the review of the unit standards listed above.

**Date new versions published**

**November 2015**

**Planned review date**

**December 2020**

**Summary**

The review was carried as a result of the development of a generic New Zealand Certificate in Manufacturing (Level 5) [Ref: 2732]. This qualification has replaced the New Zealand Certificate in Wood Manufacturing (Advanced Processing) [Ref: 2314].

The expiring unit standards 27877 – 27880 in this review supported the replaced qualification.

New standards that replace the expiring standards have been developed to meet the more generic requirements of the manufacturing industry and the new Manufacturing qualification.

**Main changes**

- Four unit standards under the *Wood Manufacturing* domain were designated expiring and were replaced by four new standards in the *Manufacturing Processes* domain.

**Category C unit standards will expire at the end of December 2018****Impact on existing organisations with consent to assess**
