- New Zealand Certificate in Automotive Reglazing (Level 3) [Ref: 2947]

Date new versions published

January 2016

The next qualification review is planned to take place during 2020.

Summary of review and consultation process

The review occurred as a result of the mandatory review of Glass and Glazing qualifications, part of the Targeted Review of Qualifications (TRoQ) – Allied Trades. The review involved extensive communications, consultation, meetings, working group activities and feedback with stakeholders.

Industry and other stakeholders confirmed the need for the three Glass and Glazing Qualifications and one Automotive Reglazing Qualifications to provide appropriate knowledge and skills for those working in the industry.

The existing national qualifications have been replaced by a New Zealand qualification as detailed below.

Main changes resulting from the review

National Certificate in Glass and Glazing (Introduction) (Level 2) [Ref: 0997]

replaced by

New Zealand Certificate in Glass (Level 3) [Ref: 2944]

Review category	C	See Key to Qualification Review Categories at the end of report
-----------------	----------	---

National Certificate in Glass and Glazing with strands in Decorative Glass, and Leadlighting [Ref: 1559]

replaced by

New Zealand Certificate in Glass (Level 3) [Ref: 2944]

Review category	C	See Key to Qualification Review Categories at the end of report
-----------------	----------	---

National Certificate in Glazing (Level 4) [Ref: 1104]

replaced by

New Zealand Certificate in Glazing (Level 4) with strands in Residential Glazing, Commercial Glazing, and Frameless Glazing [Ref: 2945]

Review category	C	See Key to Qualification Review Categories at the end of report
-----------------	----------	---

Transition

The final date of enrolment for programmes leading to the replaced qualifications is 31 December 2017. The final date for assessment against the replaced qualifications is 31 December 2020. People currently enrolled in programmes leading towards these qualifications may either complete that version of the qualification by the date specified or transfer to the replacement qualifications.

All new trainees from 2018 will be enrolled in programmes leading to a New Zealand qualification.

It is not intended that anyone be disadvantaged by this review. However, anyone who feels they have been disadvantaged can appeal to BCITO at the contact details below.

Key to Qualification Review Categories

Category A The qualification is published as a new version with the same NQF ID	Changes are made to SSB name, contact details or purpose statement
	No change is made to title, rules or components of the qualification
	No transition arrangements are required
Category B The qualification is published as a new version with the same NQF ID	Changes are made to title, rules or components
	The new version of the qualification recognises a similar skill set to that recognised by the previous version
	The SSB is confident that people awarded the new or previous version are comparable in terms of competence
	Transition arrangements are required if candidates must gain additional/different credits for the new version
Category C A new (replacement) qualification is published with new NQF ID	Significant changes are made to the qualification in terms of components, structure, type or level
	The SSB views people with the replacement qualification as being significantly different in terms of competence from those with the replaced qualification
	Transition arrangements are required
	Transition may be limited to phase-out dates
Category D Qualification will expire. There is no replacement qualification	Qualification is no longer required by industry
	The qualification is designated as expiring and a last date for meeting the qualification requirements is set
