

Field Agriculture, Forestry and Fisheries**Review of Agriculture unit standards**

Subfield	Domain	ID
Agriculture	Agribusiness Management	21391, 21393
	Farming Skills	19118

The Primary Industry Training Organisation has completed the review of the unit standards listed above.

Date new versions published

16 April 2015

Planned review date

31 December 2020

Summary

As a result of the Targeted Review of Qualifications process, Primary Industry Training Organisation (Primary ITO) has reviewed a number of unit standards to better reflect the requirements of the outcomes listed in the new qualifications.

It was identified that two unit standards required revision, two new unit standards were required and one standard was no longer fit for purpose and a replacement unit standard was written.

Main changes

- The titles of unit standards 19118 and 21393 have been changed to better reflect the unit standard outcomes.
- The credits of unit standards 21391 and 21393 have been adjusted to reflect learning and assessment.
- Changes were made to outcomes, evidence requirements, ranges and/or explanatory notes to ensure delivery and assessment consistency.
- New unit standards PM2.4&2.5 and PM2.6&2.7 have been developed to meet the industry and qualification graduate profile outcome requirements.

Category C and D unit standards will expire at the end of December 2020**Detailed list of unit standards – classification, title, level, and credits**

All changes are in **bold**.

Key to review category	
A	Dates changed, but no other changes are made - the new version of the standard carries the same ID and a new version number
B	Changes made, but the overall outcome remains the same - the new version of the standard carries the same ID and a new version number
C	Major changes that necessitate the registration of a replacement standard with a new ID
D	Standard will expire and not be replaced

Agriculture, Forestry and Fisheries > Agriculture > Agribusiness Management

ID	Title	Level	Credit	Review Category
21391	Identify, benchmark, and analyse high performance in agribusiness productivity	5	10	C
PM1	Identify high performance in a primary industry production system, benchmark, analyse and recommend strategies for improvement		20
