The Ministry of Education has rolled over the achievement standards listed above.

**Date new versions published**

**November 2016**

**Planned review date**

**December 2018**

#### Summary of process

These standards had review dates of December 2014, 2016 and 2017.

The Ministry has received no feedback or information from teachers/schools or from the external moderation and examinations systems at NZQA that would trigger a review of the standards.

The planned review date on the standards has, therefore, been rolled over to December 2018. This brings these standards in line with the huge majority of achievement standards for planned review purposes.

#### Change

The planned review date is changed to 31 December 2018.
