

**FIELD            Wood Fibre Manufacturing****Revision of *Pulp and Paper Manufacturing* qualification**

**New Zealand Certificate in Pulp and Paper Manufacturing (Level 4) with strands in Mechanical Pulping; Pulp and Paper Dry End; Pulp and Paper Wet End; and Pulp and Paper Forming [Ref: 2320]**

Competenz has reviewed and revised the qualification listed above.

**Date new versions published****November 2017**

The next qualification review is planned to take place during 2022.

**Reason for the revision**

Feedback from industry identified problems with the structure of the current qualification. While the strand outcomes are transferable, the strand structure placed unnecessary restrictions on learner's ability to complete the qualification and progress in their workplace. These issues and the proposed changes were discussed and agreed with industry representatives at a Sector Advisory Group Meeting in 2016.

**Main changes resulting from the revision**

The strands have been removed and the strand outcomes consolidated into the core. Specialist knowledge is catered for by the range of unit standards in the associated programmes.

**New Zealand Certificate in Pulp and Paper Manufacturing (Level 4) [Ref: 2320]**

Review category	<b>B</b>	See Key to Qualification Review Categories at the end of report
-----------------	----------	---

**Changes to structure and content**

- Strands have been removed and the qualification title updated to reflect this.
- The strand GPOs have been consolidated into the core

**Transition**

The last date for assessment against version 1 of the qualification is 31 December 2019.

Learners may either complete their current enrolment or transfer to the new version of the qualification. This will be managed on a case by case basis and no learner will be disadvantaged as all unit standards already completed will be credited to the new programme.

It is anticipated that no existing candidates will be disadvantaged by these transition arrangements. However, anyone who feels that they have been disadvantaged may appeal to Competenz at the address below. Appeals will be considered on a case-by-case basis.

### Key to Qualification Review Categories

<b>Category A</b> The qualification is published as a new version with the same NZQF ID	Changes are made to SSB name, contact details or purpose statement
	No change is made to title, rules or components of the qualification
	No transition arrangements are required
<b>Category B</b> The qualification is published as a new version with the same NZQF ID	Changes are made to title, rules or components
	The new version of the qualification recognises a similar skill set to that recognised by the previous version
	The SSB is confident that people awarded the new or previous version are comparable in terms of competence
	Transition arrangements are required if candidates must gain additional/different credits for the new version
<b>Category C</b> A new (replacement) qualification is published with new NZQF ID	Significant changes are made to the qualification in terms of components, structure, type or level
	The SSB views people with the replacement qualification as being significantly different in terms of competence from those with the replaced qualification
	Transition arrangements are required
	Transition may be limited to phase-out dates
<b>Category D</b> Qualification will expire. There is no replacement qualification	Qualification is no longer required by industry
	The qualification is designated as expiring and a last date for meeting the qualification requirements is set
