Competenz has extended the expiry dates of the unit standards listed above.

**Date new versions published**

**February 2017**

**New expiry date**

**December 2020**

**Summary**

The above unit standards with expiry dates of 31 December 2018 are currently being used in National Certificates which are expiring in December 2019 and 2020. Some of these unit standards have high usage within the expiring qualifications; others are used by learners that are in a limited field of baking where skills are developed progressively over an extended period.

Competenz has decided to extend the expiry dates of these unit standards to 31 December 2020 to ensure that trainees can complete current enrolments and programme providers can update their delivery accordingly. The revised last date of assessment coincides with the expiry dates of the National Certificates.

**Main changes**

The last date of assessment of these unit standards has been extended from 31 December 2018 to 31 December 2020.
