

Field Manufacturing**Review of *Meat Processing* unit standards**

Subfield	Domain	ID
Meat Processing	Animal Product Examination	13485, 14899, 27751, 27752, 27759, 27760, 28170 - 28173
	Meat Quality	28256, 28261

The Primary ITO has completed the review of the unit standards listed above.

Date new versions published

July 2017

Planned review date

December 2022

Summary

As a result of the Targeted Review of Qualifications process, Primary ITO has reviewed a number of unit standards to better reflect the requirements of the outcomes listed in new qualifications. Primary ITO has also developed a number of new unit standards to meet industry need and reflect the outcomes listed in the new qualifications.

Key stakeholders and organisations with consent to assess have had the opportunity to review these unit standards and offer feedback. This consultation was through an online survey which ran for two weeks in November 2016. All feedback was actioned where appropriate.

Main changes

- 12 unit standards were reviewed and changes were made including to titles and credits.
- 31 new unit standards were developed.

The last date for assessment of superseded versions of Category B unit standards is December 2019.

Key to review category	
A	Dates changed, but no other changes are made - the new version of the standard carries the same ID and a new version number
B	Changes made, but the overall outcome remains the same - the new version of the standard carries the same ID and a new version number
C	Major changes that necessitate the registration of a replacement standard with a new ID
D	Standard will expire and not be replaced

Detailed list of unit standards – classification, title, level, and credits

All changes are in **bold**.
