Summary

The review of these unit standards was prompted by the outcomes of the mandatory review of qualifications, specifically the listing of the:

- New Zealand Certificate in Introductory Snowschool Instruction (Applied) (Level 4) with strands in Ski, Snowboard and Telemark [Ref: 3492]
- New Zealand Certificate in Advanced Snowschool Instruction (Applied) (Level 5) with strands in Ski, Snowboard, and Telemark and an optional strand in Business Development [Ref: 3496]

Feedback from stakeholders was gathered through an open consultation process and used to guide the development of the industry training programmes for the qualifications above, and the development and review of the associated unit standards.

The reviewed unit standards were found to no longer be fit for purpose, relevant, nor aligned with outcomes listed in the new qualifications. New unit standards were developed to meet industry needs for snowsport instruction and facilitation.

- 11 unit standards were designated expiring without replacement.
- 18 new unit standards were developed.
