Summary

This unit standard was revised to amend an error made at review.

Version 3 of the standard, whilst bearing the same title as the previous two versions, had its first outcome changed to “*Explain the concepts of whānau, hapū and iwi in accordance with tikanga.*” This meant that Outcomes 1 and 2 read the same, which was inconsistent with the title and the intention of the standard.

Main changes

- Outcome 1 was changed back to “*Identify the concepts of whānau, hapū and iwi in accordance with tikanga.*”
- In Evidence requirements 1.1 to 1.3, “*identified*” replaced “*explained*”.
