

Field Service Sector**Review of Ramp Operations unit standards**

Subfield	Domain	ID
Aviation	Ramp Operations	25955-25974, 26362-26364, 26380, 27761

ServiceIQ has completed the review of the unit standards listed above.

Date new versions published

March 2017

Planned review date

December 2022

Summary

The purpose of this review is to update legislation, definitions and industry terminology.

Main changes

- All guidance information has been updated.
- Standards have been transferred onto the new template.
- Performance criteria have been tidied.
- A last date for assessment of superseded versions of these standards has been specified.

The last date for assessment of superseded versions of Category B unit standards is December 2018

Detailed list of unit standards – classification, title, level, and credits

Key to review category	
A	Dates changed, but no other changes are made - the new version of the standard carries the same ID and a new version number
B	Changes made, but the overall outcome remains the same - the new version of the standard carries the same ID and a new version number
C	Major changes that necessitate the registration of a replacement standard with a new ID
D	Standard will expire and not be replaced

Service Sector > Aviation > Ramp Operations
