

Field Engineering and Technology

Revision of *Infrastructure Works Supervision* unit standard 26798

Subfield	Domain	ID
Infrastructure Works	Infrastructure Works Supervision	26798

The Infrastructure ITO has completed the revision of the unit standard listed above.

Date new version published

October 2017

Planned review date

December 2019

Summary

This unit standard was revised to align with the current contracts legislation requirements. The resource development process identified some inaccuracies in the unit standard evidence requirements and a legal expert provided current terminology.

Main changes

The range statements of evidence requirements 1.1 and 1.2 were amended to reflect current contract legislation requirements.
