

Field Service Sector

Development of *Visitor Services* unit standard 30627

ServiceIQ has completed the development of unit standard 30627.

Date new standard published

September 2017

Planned review date

December 2022

Summary

The process of compiling programmes of industry training for the New Zealand Certificate in Tourism (Level 4) (Operations, and Visitor Information) [Ref: 2202] revealed a lack of unit standards covering the geography of the New Zealand landscape. After consultation with industry, unit standard 30627 was developed and endorsed by a wide range of tourism enterprises.

Main changes

- Unit standard 30627 was developed.

Detailed list of unit standards – classification, title, level, and credits
