

Field Service Sector**Review and rollover of *Aviation - Core* unit standards**

Subfield	Domain	ID
Aviation	Aviation - Core	16818, 19585-19587, 20676, 20677, 21834-21837, 23551, 23552, 27028-27056

ServiceIQ has completed the review of the unit standards listed above. Standards that have been rolled over only are listed in **bold** above.

Date new versions published	April 2018
Planned review date (reviewed standards)	December 2023
Planned review date (rolled over standards)	December 2020

Summary

The purpose of this review was to update legislation, definitions, industry terminology, and to tidy up performance criteria according to change of processes.

Main changes

- All guidance information was updated on reviewed standards.
- Unit standards were transferred onto the new template.
- Performance criteria were updated as technology and processes have changed for reviewed standards.
- A last date for assessment of superseded versions was specified for reviewed standards.
- 29 standards at Level 5 were rolled over to ensure their currency until they can be reviewed. Their planned review dates were extended to December 2020.

The last date for assessment of superseded versions of Category B unit standards is December 2020

Detailed list of unit standards – classification, title, level, and credits

All changes are in **bold**.

Key to review category	
A	Dates changed, but no other changes are made - the new version of the standard carries the same ID and a new version number
B	Changes made, but the overall outcome remains the same - the new version of the standard carries the same ID and a new version number
C	Major changes that necessitate the registration of a replacement standard with a new ID
D	Standard will expire and not be replaced
