

FIELD Service Sector

Republication of *Real Estate* qualifications

National Certificate in Real Estate (Branch Manager) (Level 5) [Ref: 1288]

National Diploma in Real Estate (Agent) (Level 5) [Ref: 1731]

The Skills Organisation (Skills) has revised the qualifications listed above to extend their last dates of entry and their last dates for assessment.

Date new versions published

August 2018

Rationale

The date extensions will:

- support learners to complete National qualifications and transition into the New Zealand real estate qualifications,
- support the Regulatory Body in managing international licensing trends,
- enable the Regulatory Body and parties to collaborate with the equivalent Australian party to implement a solution for the benefit of New Zealand and Australian real estate industries, and to
- enable New Zealand programme owners to develop appropriate delivery methods for the New Zealand qualifications which consider the newly reviewed Australian training packages and units of competency.

Main changes resulting from the republication

- The last date of entry for both National qualifications has been extended to 31 December 2019.
- The last date for assessment for both National qualifications has been extended to 31 December 2020.

Transition

The qualifications contain standards that expire before the last date of assessment. People wishing to complete the qualifications using those standards will need to gain credit for them before they expire.

It is not intended that anyone is disadvantaged by the republication of these National qualifications. Anyone who feels they have been disadvantaged is advised to contact the Skills Organisation at the address given below:
