

Field Engineering and Technology

Revision of *Gas Industry* unit standards

Subfield	Domain	ID
Gas Industry	Gas Marketing, Business and Administration	11327, 11329
	Gas Measurement	12456
	Gas Network Construction	10972, 10975, 10981, 10983, 10993, 10995, 11328, 23086
	Gas Network Operations	12502, 12503, 12507, 12526, 19549, 19552, 19555, 19557, 19560, 20590, 23090
	Gas Transmission Operations	9550, 18416, 18418, 25314, 25315

MITO New Zealand Incorporated (MITO) has completed the revision of the unit standards listed above.

Date new versions published

August 2018

Planned review date

December 2022

Summary

The revision has been undertaken to extend the last date for assessment of previous versions of the standards, to enable a large cohort of learner results for existing gas industry programmes to be reported. This extension is to ensure learners are not disadvantaged as a result of existing programmes not being updated during the transition to programmes towards the New Zealand qualifications.

There is no change to the planned review date of 31 December 2022 for each of the standards.

Main changes

- The last date for assessment of the superseded version of the standards was extended from 31 December 2018 to 31 December 2020.
