Revision of *Structural Foundations* unit standard 30808

Subfield	Domain	ID
Infrastructure Works	Structural Foundations	30808

The Infrastructure ITO has completed the revision of the unit standard listed above.

Date new version published

August 2018

Planned review date

**December 2022
(unchanged)**

Summary

This unit standard was revised to update and clarify the specific infrastructure plant that can be used for assessment purposes.

Full consultation took place with industry technical advisers and subject matter experts.

Main changes

- A range statement was added to the Guidance Information to confirm that assessment of one piece of specific infrastructure plant is required.
