

Field Sciences

Review of *Environment* unit standards

Subfield	Domain	ID
Environment	Conservation	25784-25786, 26288, 26370, 26372, 26373, 27189, 27190
	Environmental Education	18663

The Skills Organisation has completed the review of the unit standards listed above.

Date new versions published

December 2018

Summary

These unit standards have been designated expiring due to low usage and because they are no longer fit for purpose. The existing qualifications containing these unit standards will be discontinued as scheduled.

The associated National Certificates listing these unit standards are being expired as the Conservation sector's needs are better served by the current New Zealand Certificate in Conservation (Operations) (Level 4) [Ref: 2963].

Main changes

- The unit standards were designated as expiring.

Category D unit standards will expire at the end of December 2020

Detailed list of unit standards – classification, title, level, and credits

All changes are in **bold**.

Key to review category	
A	Dates changed, but no other changes are made - the new version of the standard carries the same ID and a new version number
B	Changes made, but the overall outcome remains the same - the new version of the standard carries the same ID and a new version number
C	Major changes that necessitate the registration of a replacement standard with a new ID
D	Standard will expire and not be replaced

Sciences > Environment > Conservation
