Field Service Sector

Review of Core Rigging unit standards

Subfield	Domain	ID
Lifting equipment	Core Rigging	20260-20263, 26349-26352

December 2018

December 2023

The Skills Organisation has completed the review of the unit standards listed above.

Date new versions published

Planned review date

Summary

The Skills Organisation and the rigging sector held three meetings to discuss the conditions that had to be met for the New Zealand Certificate in Rigging (Level 3) [Ref: 2355].

In developing the programme, the core rigging unit standards were reviewed to meet the conditions and the qualification graduate outcomes.

Main changes

- Credit values of unit standards 20261, 20262, 20263, 26349, 26351 and 26352 were changed based on assessor feedback of the time taken for assessment of them.
- Unit standard 20260 was designated expiring without replacement.
- The titles of unit standards 20261, 20262, 20263, 26350 and 26351 were changed to fully represent the outcomes of the units.

The Category D unit standard will expire at the end of December 2020

The last date for assessment of superseded versions of Category B unit standards is December 2020

Detailed list of unit standards - classification, title, level, and credits

All changes are in **bold**.

Ke	Key to review category				
Α	Dates changed, but no other changes are made - the new version of the standard carries the				
	same ID and a new version number				
В	Changes made, but the overall outcome remains the same - the new version of the standard				
	carries the same ID and a new version number				
С	Major changes that necessitate the registration of a replacement standard with a new ID				
D	Standard will expire and not be replaced				

Service Sector > Lifting Equipment > Core Rigging

ID	Title	Level	Credit	Review Category
20260	Demonstrate knowledge of the Approved Code of Practice for Load-lifting Rigging	2	3	D
