MITO New Zealand Incorporated (MITO) has completed the revision and rollover of the unit standards above. Unit standards shown in *italics* above have been rolled over. All other unit standards have been revised and rolled over.

**Date new versions published**

**January 2018**

**Planned review date**

**December 2022**

### **Summary**

The revision of these unit standards was triggered by, and undertaken alongside, WorkSafe New Zealand's review of its requirements for the Extractive Industry's Certificates of Competence (CoCs).

The standards listed above within the *Extractive Industries* subfield were revised and rolled over to update legislation, references, and entry information.

### **Main changes**

- The legislation, references, and entry information for all standards were amended to ensure currency.
- A last date for assessment for earlier superseded versions of some unit standards (where this had not previously been specified) was included.
