

Field Service Sector**Development of *Passenger Service* unit standard 30977**

MITO New Zealand Incorporated (MITO) has completed the development of unit standard 30977.

Date new version published

January 2018

Planned review date

December 2022

Summary

The development of this unit standard was prompted by a request from industry to have a unit standard available that covered the legislative aspects relative to drivers in the passenger service industry. Feedback was gathered from stakeholders and used to guide the development of unit standard 30977. Unit standard 30977 was endorsed by the stakeholders involved.
