Competenz has reviewed the qualifications listed above.

Date new versions published**March 2018**

The next qualification review is due March 2023.

Reason for the review

These qualifications have reached their 5-year mandatory review date.

Summary of review and consultation process

Industry stakeholders participated in a scheduled review of these qualifications. The review was informed by discussion at a senior level. This resulted in no significant changes in required skills and knowledge, and subsequently no changes to learning outcomes and purpose for these five New Zealand qualifications.

Main changes resulting from the review

- All five qualifications were updated to reflect the currency of wording, formatting and conditions.
- A new review date was set for all five qualifications.

Review category	B	See Key to Qualification Review Categories at the end of report
-----------------	----------	---

Transition

The last date for assessment for programmes leading to version 1 of these qualifications is 31 December 2020.

Key to Qualification Review Categories

Category A The qualification is published as a new version with the same NZQF ID	Changes are made to SSB name, contact details or purpose statement
	No change is made to title, rules or components of the qualification
	No transition arrangements are required
Category B The qualification is published as a new version with the same NZQF ID	Changes are made to title, rules or components
	The new version of the qualification recognises a similar skill set to that recognised by the previous version
	The SSB is confident that people awarded the new or previous version are comparable in terms of competence
	Transition arrangements are required if candidates must gain additional/different credits for the new version

Category C A new (replacement) qualification is published with new NZQF ID	Significant changes are made to the qualification in terms of components, structure, type or level
	The SSB views people with the replacement qualification as being significantly different in terms of competence from those with the replaced qualification
	Transition arrangements are required
	Transition may be limited to phase-out dates
Category D Qualification will expire. There is no replacement qualification	Qualification is no longer required by industry The qualification is designated as expiring and a last date for meeting the qualification requirements is set
