NZQA Māori Qualifications Services (MQS) has completed the revision of the unit standards listed above.

Date new versions published

May 2018

Planned review date

**December 2019
(unchanged)**

Summary

MQS on behalf of Whakaruruhau, revised the standards to ensure the unit standards remained fit for purpose and continued to be consistent with assessment practices.

Main changes

- Through the moderation process of the resources for these standards, the moderators found that the range statements made it difficult to clarify the evidence requirements in this batch of standards for Whakamahi Whenua. *May include* has been added to all range statements that are listed with performance criteria.
- Standards were reformatted onto the new template.
