Skills Active Aotearoa has completed the development of new *Entertainment and Event Technology and Operations* unit standards.

**Date published** **May 2018**

**Planned review date** **December 2023**

**Summary**

The development of these unit standards was prompted by development of a Programme of Industry Training leading to the New Zealand Certificate in Entertainment and Event Operations (Level 3) [Ref: 3416].

Feedback from stakeholders was gathered through an open consultation process and used to guide the development of the industry training programme for the qualification above, and the development of the associated unit standards.

A technical advisory group was convened to review and confirm the content of the unit standards.

Three new unit standards were developed to meet industry needs for entertainment and event operations.
