Field Engineering and Technology

Review of Motor Industry unit standards

Subfield	Domain	ID
Motor Industry	Automotive Administration	21708
	Motor Industry – Introductory	15408
	Skills	

MITO New Zealand Incorporated has completed the review of the unit standards listed above.

Date new versions published

November 2018

Planned review date

December 2023

Summary

MITO has reviewed the unit standards listed above at the request of industry to align them with the automotive and/or industrial textile fabrication industry qualification suites.

This review has resulted in fit-for-purpose assessment material being made available to industry that reflects current legislation and industry practice.

MITO's industries working group endorsed the unit standard review. The working group includes subject matter experts and representatives from industry and MITO. The unit standards were circulated in the working group's greater networks and all feedback was actioned where appropriate.

Main changes

- Title, guidance information, outcomes and performance criteria for unit standards 15408 and 21708 were amended to reflect current legislation and regulatory requirements, industry practice and recommendations, and to clarify their intent.
- The level of unit standard 15408 was increased from Level 1 to Level 2 to improve alignment with the Level Descriptors.
- Unit standards were transferred onto the current template.
- The last date for assessment of superseded versions of Category B unit standards is December 2020.

Detailed list of unit standards – classification, title, level, and credits

All changes are in **bold**.

Ke	Key to review category				
Α	Dates changed, but no other changes are made - the new version of the standard carries the				
	same ID and a new version number				
В	Changes made, but the overall outcome remains the same - the new version of the standard				
	carries the same ID and a new version number				
С	Major changes that necessitate the registration of a replacement standard with a new ID				
D	Standard will expire and not be replaced
