|  |                                    |
|--|------------------------------------|
| Review completed by                    | Primary ITO                        |
| Reason for the review                  | To expire the National Certificate |
| Date replacement qualifications listed | November 2019                      |
| Next qualification review date         | N/A                                |

### Summary of review and consultation process

The National Certificate in Aquaculture Diving (Level 4) was reviewed in May 2019 as part of the Targeted Review of Qualifications process. It was replaced by the Aquaculture Diving strand of the New Zealand Certificate in Aquaculture (Level 4) with strands in Hatchery, Fish, Shellfish, and Aquaculture Diving [Ref: 3134].

This review process was required to set last dates of entry and assessment for the National Certificate, and ensure it remains fit for purpose for candidates until discontinued.

### Main changes resulting from the review

- The prerequisite relationships for unit standards in this qualification were checked and updated.
- Last dates of entry and assessment were set.

### Review outcome

| [Ref:] | Qualification title                                  | Outcome category | Replacement qualification (if applicable)  |
|--------|--|------------------|--|
| 1210-3 | National Certificate in Aquaculture Diving (Level 4) | C                | New Zealand Certificate in Aquaculture (Level 4) with strands in Hatchery, Fish, Shellfish, and Aquaculture Diving [Ref: 3134] |
