

Field Engineering and Technology

Republication of *Mechanical Engineering* qualification

National Certificate in Refrigeration and Air Conditioning (Level 4) [Ref: 0130]

Competenz has republished the qualification listed above.

Date republished

August 2019

Summary

Version 5 of this qualification was republished to include reverse transition arrangements for expiring unit standards that have been replaced by later unit standards. This ensures that learners enrolled in the current version of qualification are able to complete it before the qualification expiry date of 31 December 2020.

National Certificate in Refrigeration and Air Conditioning (Level 4) [Ref: 0130]

Version 5 of this qualification contains standards that have expired or are expiring and have been replaced by later standards. For the purposes of this qualification, people who have gained credit for the replacement standards are exempt from the requirement to gain credit for the expired or expiring standard – see table below.

Credit for	Exempt from
25070, 25071, 25072	15843
28952, 28970	22701
28959, 28963, 29100	22702
28961, 28964	22703
28960, 28965	22704
28962, 28966	22705
28967	22706
