

## Change report for the review of Electricity Supply (Line Mechanic Distribution) New Zealand Qualification

### Reviewed qualifications

[Ref]	Version	Qualification title	Level	Credits
2197	1	New Zealand Certificate in Electricity Supply (Line Mechanic Distribution)	4	225

### Review information

Qualification Developer	Connexis Infrastructure ITO
Reason for the review	Scheduled review.
Review date	July 2019
Outcome date	August 2019
Next review date	<b>August 2024</b>

### Summary of review and consultation process

Trainees, graduates and employers were surveyed. These responses, achievement data, and an industry overview were considered at a meeting of industry representatives, and recommendations informed the qualification review.

### Main changes resulting from the review

The qualification was reduced from 225 credits to 165 credits.

An optional strand in working with live low voltage lines was added.

New Zealand Certificate in Electricity Supply Introductory (Level 2) [Ref: 2136] was changed to an entry requirement instead of being embedded in the qualification.

The education pathway and evidence requirements for assuring consistency were updated.

Conditions relating to the qualification outcomes were removed.

### Review outcome

Reference	Version	Reviewed qualification	Outcome category	New qualification details/version (if applicable)
2197	2	New Zealand Certificate in Electricity Supply (Line Mechanic Distribution) (Level 4) with an optional strand in Live Low Voltage Lines	<i>B-New version of qualification</i>	N/A
