

**FIELD                    ENGINEERING AND TECHNOLOGY****Review of *Industrial Coatings* qualifications**

**New Zealand Certificate in Hot Dip Galvanizing (Level 3) with an optional strand in Centrifuging [Ref: 2473]**

**New Zealand Certificate in Hot Dip Galvanizing (Level 4) with strands in Jigging, Pre-treatment, Hot Dipping, Centrifuging, and Fettling [Ref: 2474]**

**New Zealand Certificate in Protective Coatings (Level 3) [Ref: 2710]**

**New Zealand Certificate in Protective Coatings (Level 4) [Ref: 2711]**

MITO New Zealand Incorporated has reviewed the qualifications listed above.

**Date new versions published**

**February 2019**

**Summary of review and consultation process**

In October 2018, Competenz gained gazetted coverage for the protective coatings industry. As a result, these qualifications have been reviewed and due to low use, and no intention for use, they will be discontinued.

**Main changes resulting from the review**

**New Zealand Certificate in Hot Dip Galvanizing (Level 3) with an optional strand in Centrifuging [Ref: 2473]**

**New Zealand Certificate in Hot Dip Galvanizing (Level 4) with strands in Jigging, Pre-treatment, Hot Dipping, Centrifuging, and Fettling [Ref: 2474]**

**New Zealand Certificate in Protective Coatings (Level 3) [Ref: 2710]**

**New Zealand Certificate in Protective Coatings (Level 4) [Ref: 2711]**

-----------------	---	---

**Transition**

There are no registered programmes leading towards these qualifications.

The last date for entry into programmes leading to these qualifications is 31 July 2019.

The last date for assessment is 31 December 2021, at which time the qualifications will be discontinued.

Candidates currently working towards the achievement of these qualifications must complete the requirements by 31 December 2021.

It is anticipated that no existing candidates will be disadvantaged by these transition arrangements. However, anyone who feels that they have been disadvantaged may contact MITO New Zealand Incorporated at the address below.

### Key to Qualification Review Categories

<b>Category A</b> The qualification is published as a new version with the same NZQF ID	Changes are made to SSB name, contact details or purpose statement
	No change is made to title, rules or components of the qualification
	No transition arrangements are required
<b>Category B</b> The qualification is published as a new version with the same NZQF ID	Changes are made to title, rules or components
	The new version of the qualification recognises a similar skill set to that recognised by the previous version
	The SSB is confident that people awarded the new or previous version are comparable in terms of competence
	Transition arrangements are required if candidates must gain additional/different credits for the new version
<b>Category C</b> A new (replacement) qualification is published with new NZQF ID	Significant changes are made to the qualification in terms of components, structure, type or level
	The SSB views people with the replacement qualification as being significantly different in terms of competence from those with the replaced qualification
	Transition arrangements are required
	Transition may be limited to phase-out dates
<b>Category D</b> Qualification will expire. There is no replacement qualification	Qualification is no longer required by industry
	The qualification is designated as expiring and a last date for meeting the qualification requirements is set
