Summary

It was drawn to the attention of the SSB that there was room in programmes leading to the New Zealand Certificate in Museum Practice (Level 4) [Ref: 2419] to recognise the special skills required for the planning and completion of art gallery exhibitions within museum contexts. An important component is the incorporation of the interests of a living artist, or the interested parties of a deceased artist in the creation, and evaluation of an art gallery exhibition.

A standard was drafted and after consultation with sector representatives and Museums Aotearoa, it was endorsed.
