

Field **Engineering and Technology**

Revision of *Heating, Ventilating, and Air Conditioning* unit standard 26337

Subfield	Domain	ID
Mechanical Engineering	Heating, Ventilating, and Air Conditioning	26337

Competenz has completed the revision of the unit standard listed above.

Date new version published

January 2019

Planned review date

December 2023

Summary

Several industry personnel advised Competenz that pneumatic controllers, which were listed as part of a compulsory range for mechanical building services management systems, are now redundant and requested that they be removed from the unit standard.

Consultation with the wider industry confirmed this and industry and Competenz endorsed this change.

Main changes

- Pneumatic controllers were removed from the range of performance criterion 2.1 of the unit standard.
