**Revision of *Exercise* unit standard 30447**

<b>Subfield</b>	<b>Domain</b>	<b>ID</b>
Exercise	Human Anatomy, Physiology and Nutrition	30447

Skills Active Aotearoa has completed the revision of unit standard 30447.

**Date new version published**

**January 2019**

**Planned review date**

**December 2022**

**Summary**

The inclusion of Guidance Information note 3 was leading to unintended restrictions in use of the standard and creating assessment barriers. The decision was made to remove this note to ensure the standard was able to be used appropriately across the Exercise, Sport and Wellbeing industries.

**Main changes**

- Guidance Information note 3 was removed and remaining notes renumbered.
