

**Field      Service Sector**

**Development of *Catering Services* unit standard 31766**

<b>Subfield</b>	<b>Domain</b>	<b>ID</b>
Hospitality	Catering Services	31766

ServiceIQ has completed the development of the unit standard listed above.

**Date new version published**

**March 2019**

**Planned review date**

**December 2023**

**Summary**

It was determined that people working as food service associates in catering services for clients with dysphagia required standardised training to safely present food and drink with appropriate consistency.

Consultation was carried out with the International Dysphagia Diet Standardisation Initiative (IDDSI) and with representatives of relevant catering businesses and a new standard was developed to meet the needs of the industry. The standard obtained consensus as valid and fit for purpose.
